## MISSION APPEAL

Birthday Party October 29th—  
Larger Quarters Demanded

The Ladies' Board of the "City Mission" have issued invitations for their annual "Birthday Party" to take place at the City Mission Rooms on Tuesday afternoon, October 29th, from 2 to 5 o'clock.

The demands on the City Mission have been such, that the ladies have been compelled to arrange for larger quarters. This requires more money and the same expedient has been resorted to that was so successful last year. It is earnestly hoped the public will respond most liberally to this appeal.

The intention has been to invite everyone supposed to be interested in this work. But every body will be welcome whether they have received cards or not.

**Critical Condition**  
Last afternoon Mr. Charles Cooper, junior at the Fifth Ward school building, while engaged in attending the heater in the basement, was stricken with a slight stroke of paralysis and was rendered helpless and speechless, where he was found by Dr. Yancey, who had him conveyed to Dr. Yancey's office for medical treatment and later taken to his home in the Hill House. He had an attack while visiting in Millersburg during the summer, this being the second within three months. His condition this morning is considered grave. He remains helpless and almost speechless.

Young Man Saved Himself  
From a Horrible Death  
With Pick Handle

Loelzer Wellingford of the East End met with a very painful accident last night about 7:30 o'clock.

He was working in his father's mill on Carmel street, and when passing the main shaft his overalls were caught by a bolt on the collar of the shaft. By main strength and presence of mind he was able to run a pick handle through one of the pulleys, thereby stopping the revolving shaft.

He was dreadfully bruised, however. Dr. Taylor was called and found that no bones were broken.

It is hoped that he is not seriously hurt and that he will soon be able to get out.

Great Test of Endurance and  
Strength

George L. Hess, aged 27, weight 165 pounds, of Salisbury, N. C., yesterday in the presence of hundreds of witnesses performed an athletic feat of human strength and endurance on the Market street Esplanade that surpassed any exhibition of the kind ever performed in this city.

Worst others claiming supernatural power have performed on stages of theaters behind screens and curtains, Hess did right before your eyes; that is free himself by muscular movements and main strength after being securely tied with one hundred feet of strong rope.

Masses, B. F. Paul and J. N. Henderson of Dexter and Henry Gallenstein of this city, did the tying and that they did a good job not one of the hundreds who saw the man after being bound will gainsay. It is more than likely that not one among the number present thought for an instant that he would succeed in freeing himself, bound as he was. After wriggling, twisting, quivering and bringing every muscle into action, and after two hours and five minutes of wonderful human endurance, he freed himself, much to the amazement of his numerous onlookers. He realized about \$7 for his performance. He further proposed for the sum of \$10 to permit any automobile in the city to pass over his neck, breast or any part of his body.

Hess is about 5 feet 8 inches tall and rather spare in build, but is all sinew and muscle and of extraordinary strength. He is not a fraud, but the real goods and does what

Hiram Johnson has been campaigning in Bill Flinn's auto. This illustrates the unity of real Progressives.—Boston Advertiser.

#### SOME THINGS LITTLE WILLIE FORGOT.

Congressman Fields addressed a good audience at Ewing Thursday night that was composed largely of women, children, Republicans and Democratic candidates from Flemingsburg and the eastern end of the county. He advanced nothing new but followed the old rut. Pensions and the Tariff were dilated upon, but he failed to convince the pensioners present that they were under specific obligations to the Democratic party. He waved the old wool hat that his party has used for years as an illustration, and that thirteen dollar suit upon which he said there was an eight dollar duty. He failed to say that the fellow who bought the suit had \$20 left with which he bought an overcoat. He positively forgot to state that under the present tariff laws and a Republican administration we have entered an era of progress and prosperity unprecedented in the history of our republic.—Silver Lawn, Fleming county, cor Gazette.

#### THEY ARE NOT TAXED AT ALL.

The American Economist, speaking of the Protected industries of the States, says:

Not many years ago we paid Great Britain \$30,000,000 in a single year for tin plate. Now we do not import hardly \$1,000,000 worth, and that is duty free for export purposes, but we produce over \$50,000,000 worth! And yet Professor Wilson says that the Protected industries grow weaker!

What, then, is the meaning of it all? How comes the American worker to be able to afford all the things he buys, if they be taxed so heavily? The answer is simple: He earns good wages and the articles he really uses are not taxed at all. The American Tariff gives American work to the American workers.

The American workingman's tools, his bowler hat, his shoes; the furniture in his home; his wife's hat, dress, umbrella, etc.—all the articles which Free-Trade leaflets tell us are taxed anything from 15 per cent. upward—are made in the United States and are not taxed at all.

The Free-Trade leaflets should say that import duties are imposed on these articles if sent to the United States from Great Britain, from Germany, and from other foreign countries,

and on the made goods no tax is paid.

the best Progressive on record. He paid more for the title than Perkins or Munsey or "Bill" Flinn of Pittsburgh.—New York World.

A New York man writing to the Cincinnati Commercial Tribune says of the issues of the present campaign:

"Any one, if he inquires, will find, as I did, that the smaller business men dread a tariff change even more than the large business men. I found that the feeling had grown amazingly that it was a great mistake to change—that what was wanted was to have the country left alone; that even if a tariff bill was not passed that would be radical, a mere discussion of a change would paralyze business and hurt them more than others."

#### NOTHING LIKE THIS UNDER DEMOCRATIC RULE

Bricklayers Wanted—Union Central Building, Wages 70c Per Hour; Must Be First-Class Men: Thompson-Starrett Co.

This is the advertisement which appeared in yesterday's Commercial Tribune. Ever see such an advertisement during years when the Democracy is in power?

In Austria-Hungary bricklayers are paid \$1 to \$1.20 a day, in Germany they are paid 13 cents an hour; in England 20 cents. But in Cincinnati they get 70 cents an hour.

The nation is entering upon its greatest era of prosperity if conditions remain unchanged. The election of Wilson means an overthrow of existing conditions, to be followed by the inevitable panic and depression. It means a return to those days of a former Wilson bill, when bricklayers and other trade workers were glad to take a job at any price if they could get the money to feed their families.

The safe road for the man who wants to keep prosperity is broad and plain. There is no occasion for any man to go astray.

If you travel over the Wilson road it is rutty and humpy and you will get mired. It has not been fixed up since it was abandoned for public use twenty years ago, and has been getting worse every year.

The Roosevelt road is new and untried, but it don't lead anywhere. You will wind up against a stonewall at the end and have to retrace your steps. It is just a plain waste of time to travel over it.

But the Taft road is the great safe pike for every man to take. It leads us to prosperity and enables us to do things that ought to be done. True, there may be a couple of bad spots in the road, but they will be repaired as soon as the steam roller can get busy.

So there are really only two roads for the man of today to follow—the Wilson road and the Taft road, and between those there can be no hesitancy. The nation bumped the bumps once too often on the Wilson road before to be anxious to take another trip over it.

The Wilson road is full of danger to the American people. They will get mired in the sloughs of panic and hard times, just as they did before.

It is Taft and the safe road; or, Wilson and the bumps.

With bricklayers in demand at 70 cents an hour, wage-earners and trade workers should keep to the safe road.—Commercial Tribune.

ALMOST DISCOURAGED.

A Humboldt rancher returned from a year's trip through the East to find that an old-time neighbor of his, a man noted for his perfect patience, had been having a siege of bad luck. Upon hearing the news he immediately sought out the neighbor to console with him.

"Well, John," he said, after greetings had been exchanged, "I hear you lost all of your timber, through the forest fire."

The other man nodded.

"And they say that the river cut off your best bottom land; that your hogs all died of cholera; that your wife and children have been sick, and that they have now forclosed the mortgage on your other place."

"John nodded again. "Yes, it's all true," he said, looking about him at what had once been his farm, "all true. Why, sometimes I g—

#### THE THREE OFFERS

"I'll give you the biggest noise you ever heard."  
"And, Woodrow, what have you to offer?"

#### WILSON'S FRIEND IN STATE SENATE

New Jersey Governor Failed to Act in Fitzherbert Case.

#### DID NOT END THE DISGRACE

Executive's "One Track Mind" Got on a Crooked Curve—Not Only His Own State, but the Entire United States, is Entitled to an Explanation—One Was Promised Six Months Ago.

Why has Woodrow Wilson, Governor of New Jersey and candidate of the Democratic party for President of the United States, been supine, passive and silent for more than six months in face of as black a legislative scandal as ever befouled the fair fame of a sovereign State? "Strike" bills are unluckily not novelties in State capitals and if public impressions are in accord with facts New Jersey has been a prolific source of such for that sort of harvest. The "Black Horse cavalry" of Tweed's time were not more ravenous, according to report, than some of their latter day legislators west of the Hudson, said as many large corporations have their headquarters or plants, or both, in New Jersey. It is not difficult for the striker to find an "easy mark" for his "stand and deliver."

Hardly necessary is it to say that the victims, as a rule usually deem it cheaper to hand over than to put up a fight, and it might be supposed, therefore, that a monopolist of official righteousness, such as Woodrow Wilson professes to be, would seize an opportunity not merely offered but thrusting "itself upon him, for mauling an example of the criminals.

Herken Woodrow Wilson has utterly failed to measure up to the standard of a conscientious dare-to-do-right executive. Six months and more have passed since the Senate of New Jersey, by a vote of 11 to 9, found Senator Richard Fitzherbert "guilty of an act inconsistent with the trust and duty of a senator. In that he had not negotiated for the payment of the sum of \$5,000 by the Commercial Acetylene Company of New York as a consideration for the withdrawal by the said senator of Senate bills 79 and 110 theretofore introduced by him."

On March 12, the day before the vote convicting Fitzherbert, Governor Wilson said that he was "looking into the testimony," and on March 13 he had a conference with the Democratic senators, and said that he would issue a statement. No statement was then or has since been forthcoming, although, to quote from the "State Gazette" of Trenton, "from the time that he first appeared in the political arena as candidate for the office of governor Woodrow Wilson's greatest effort has been to impress the people of this and other States with the idea that he is the head and front of the Democratic party and the adviser and guide of the people."

On March 15, 1912, two days after Fitzherbert's conviction Mr. Oscar F. Ostry in behalf of the Commercial Acetylene Company, appealed to Governor Wilson to take some action that would put an end to the public scandal and the menace to legitimate business involved in the presence of a man with Fitzherbert's proved record in the Senate of New Jersey. Governor Wilson replied under date of March 20: "I quite agree with what you say as to the extreme seriousness of the Fitzherbert incident. I shall certainly try every means within my power to see that no matter of this kind is covered or condoned."

And that more than six months ago, was the last of it, so far as Wilson is concerned. The promised statement by Wilson has never been made. Fitzherbert has not resigned or offered to resign, nor has any suggestion been made that Wilson has asked him to.

The conclusion is obvious. "Woodrow Wilson is a reformer only in spots, and that his one-track mind, as he calls it himself, is as curved as the Horseshoe Bend when a personal advantage is to be gained in making the curve. Fitzherbert has been a steadfast supporter of Wilson in his 'or the uplift of New Jersey, and 'the holdup of the political campaign?'

MASON CIRCUIT COURT.

The Neptune Fire Engine and Hose Co. No. 2, of Maysville, Ky., etc., Plaintiffs.

The City of Maysville, Defendant.

In obedience to a judgment and order of sale in the above styled action, I, with Master Commissioner, on

SATURDAY, OCTOBER 26,

1912, at 2 o'clock p.m., proceeded on the premises, on East Third Street, near Limestone Street, in the City of Maysville, Kentucky, to sell, at public auction, the property described as follows:

Said property is described and bounded as follows: To wit: A certain lot of ground, having a two-story, brick building thereon, situated on the North side of East Third Street, in the City of Maysville, Kentucky, and bounded on the East by a lot of ground formerly owned by Hiram Newell, and on the West side by the lot of ground formerly owned by the Episcopal Church, upon which said Church still stands.

Said lot fronts 30 feet and 6 inches, more or less, on Third street, and runs back the same distance. The building is a two-story, brick structure, 20 feet wide, running with the Eastern boundary of said Episcopal Church, 114 feet to the center of the two exterior walls, and 114 feet deep, more or less, together with all and sundry appurtenances and privileges thereto belonging.

Said property is the same conveyed by the Neptune Fire Engine and Hose Co. No. 2, of Maysville, Kentucky, to the City of Maysville, on April 1, 1895, by deed recorded in Deed Book 60, page 409, and is now held by the City of Maysville, Kentucky, and bounded on the East by a lot of ground formerly owned by Hiram Newell, and on the West side by the lot of ground formerly owned by the Episcopal Church, upon which said Church still stands.

Said strip of ground is described as follows: Commencing at the Western corner of the above-described lot on East Third street, and extending thence Northward, along the line of the building, to a line parallel with the Western boundary of said lot, the same width, 114 feet and 6 inches to the center of the two exterior walls, and 114 feet deep, and all and sundry appurtenances thereto belonging.

The sale will be made upon a credit of six (6) twelve (12) months, the payments of principal and interest to be made monthly, with a required excess of funds for the purchase price with approved personal security, payable to me as Master Commissioner, and bearing six (6) per cent. interest, and the same will be paid to me at the time of sale, and all the interest will also be retained upon the property sold to secure the payment of the purchase price.

KIDNEY PILLS

It is testimony like the following that has placed Doan's Kidney Pills so far above competition. When people right here at home raise their voices in praise there is no room left for doubt. Read the public statement of a Maysville citizen:

Mr. Dora Mofford, Maysville, Ky., says: "Doan's Kidney Pills did me a lot of good and I am glad to tell about it. I had been feeling poorly for some time, before I know that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them, and before long I was entirely better. I was able to sleep well and they improved my health."

## No. 16—CARE OF THE ESTATE

The Reasons have already been set forth why this Company should be selected to care for estates. A number of the capacities in which it does so are the following.

As executor it files the Will, pays the debts and all legacies, files detailed accountings, and seeks discharge when its work is complete to the satisfaction of the Court.

As Guardian its duties are similar to those of a Trustee; and a final accounting is rendered when the beneficiaries become of age.

### ANAEIMIC PEOPLE

Need More Iron in the Blood  
If you are anaemic, you need more iron in your blood, and the tell-tale symptoms are a pale face—colorless lips, ashen finger nails, poor circulation, and short breath, and more serious diseases are easily contracted when in this condition.

What Vinol did for Mrs. G. S. Mannel of San Antonio, Texas, it will do for every anaemic run-down person. She says: "I was weak and nervous and had general debility for about three years. My health was badly run down and my complexion became sallow and badly affected with pimples. While in this weakened condition I contracted pleurisy, which made it very hard for me. I am happy to say that Vinol has restored me to health again, and I have no cough or soreness of the lungs at all."

We ask every anaemic or run-down, weak person in this vicinity to try a bottle of Vinol with the understanding that their money will be returned if it does not do all we claim. John C. Pecor, Druggist, Maysville, Ky.

### LABOR IS AGAINST WILSON

Says Debs, Who Predicts Disintegration of Democratic Party

WASHINGTON, October 23—Eugene V. Debs, the Socialist candidate for President, has covered practically the entire United States on his stamping tour, and has had exceptional opportunities for sizing up the political situation.

He said in an interview here today that Governor Wilson will not get the labor vote in the country, and predicts an immense gain in the Socialist vote. "We are frequently asked," he said, "if the progressive movement will reduce the Socialist vote to any considerable extent. Doubtless it will in that it will take from us many who have more or less pronounced socialist tendencies, but they are not far enough advanced to avow themselves of the Socialist party. But this does not mean that the Progressive party will get any socialist votes.

The appeal of Woodrow Wilson in behalf of the Democratic party will fall upon deaf ears so far as the intelligent workers of the country are concerned. They are pretty familiar with the record the Democratic party has made whenever it has been in power, so far as the working class is concerned.

"Should the Democratic party succeed to power, it will in all likelihood be that party's last appearance in power, for as certainly as that day comes it will mark its wide open rupture and disintegration. The split that has taken place in the Republican party before the election will be duplicated on a more pronounced scale after the election by the Democratic party."

time the stomach and bowel muscles are trained to do their work naturally again, when all medicines can be dispensed with.

You can obtain a bottle at any druggist for fifty cents or one dollar. The latter size is usually bought by families who already took Syrup Peppermint.

It is a fact that millions of families have Syrup Peppermint constantly in the house, home-like those of Mr. G. M. O'Neal, Hamilton, O., and Mrs. M. Hippard, 123 Jewell St., Maysville, Ky. The great value of this grand syrup is that it is suited to the needs of every member of the family. It is pleasant tasting, mild and non-griping. Unlike harsh medicines it works gradually and in a very brief

time.

If no member of your family has ever used Syrup Peppermint and you would like to make a personal trial of it before buying it, the regular price of a druggist's sample address a postcard and send to Dr. W. H. Caldwell, 412 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

The "Forty-two" Club was delightfully entertained last afternoon by Mrs. W. E. Stallcup of Forest avenue. The house was decorated with beautiful cut flowers, the color scheme of pink and green being tastefully carried out. After spending several hours in playing "Forty-two," a delicious luncheon was served. Covers were laid for twelve.

Mrs. R. B. Owens entertained the Six bed Eschre Club Wednesday afternoon in honor of Mrs. Phillips of St. Louis. It was the initial entertainment of the club and the attractive home looked very charming in its autumn decorations of rosy dahlias and branches of red buds and asparagus. Mrs. Phillips and Mrs. Hail Strode were the fortunate winners of the party prizes. A delicious luncheon was served and the friends of Mrs. Phillips were delighted with the opportunity to welcome back to old Kentucky one of her sweetest and most representative daughters.

In the evening Miss Nannie Wood entertained the club in honor of Mrs. Phillips. Five hundred was the game and the prize winners this time were Mrs. McCarthy, Mrs. Everett and Mrs. Matthy. Delightful refreshments were served and the guests departed feeling that with two such charming entertainments in one day, Maysville was distinctly on the social map.

### 'THE HAIRS OF YOUR HEAD ARE NUMBERED'

There is a great deal of truth in the old saying, "You die, vitality gives out. The hair begins to turn gray."

This is particularly unfortunate as we are all living in an age when to LOOK young means to fill the YOUNG and IMPORTANT positions. Old foggies go to the background.

If you should begin to chalk down every day of your life, the exact number of hairs that turn gray, you would be surprised and soon learn that "The Grey Hairs of Premature Old Age" come on very quickly, if you neglect them.

were at Dover yesterday investigating the recent fire there in which the two buildings occupied by the Woodward and Elliott stores were entirely destroyed, involving a loss of \$16,500.

While Inspector Helm, who was in Maysville yesterday afternoon, would not talk about his findings, we are led to believe that the only definite theory regarding the origin of the fire is that it was accidentally set on fire by persons who were bent on robbing the stores.
